REMARKS:

1. No student should enter the Senior Class, Scientific, until all the subjects of the preceding part of the course have been completed.

2. Students not wishing to take either of the above courses, are permitted to select from them such subjects as they are competent to study, and can recite with the regular classes.

3. All the students are required to attend the worship of God in the Chapel daily, and to recite a Bible lesson weekly. Students of the Classical and Scientific Courses will study select portions of the Scriptures, in addition to the usual text books on Moral Philosophy and the Evidences of Natural and Revealed Religion. The President will give frequent lectures on manners, morals and religious duties, intended to train the students to the life of Christian ladies and gentlemen. All who do not reside with their parents are required to attend public worship and Bible class, in some church, on the Sabbath. Students' prayer meetings have been organized; they are well attended. The Faculty regard it as an important part of their work to labor for the moral and spiritual welfare of the student.

4. The degree A. B. is conferred on students who complete and pass satisfactory examinations in the Classical Course.

The degree of B. S. is conferred on students who complete and pass satisfactory examinations in the Scientific Course.

III. COURSE OF HISTORICAL READING.

The following course of Historical Reading is recommended to students: The History of the United States; The Student's Rome, Greece, Gibbon, France, and Hume; Rawlinson's Ancient History.

IV. NORMAL COURSE.

The regular courses of the College accomplish the ends of a Normal Course. A class in the *Theory and Practice of Teaching* and *the Science of Education*, is organized out of each Senior Class. Any graduate passing an examination in the above subjects, and a special examination in the subjects required of Teachers in the Public Schools, will be entitled to a Teacher's Diploma.

V. HONOR COURSE.

I. A course of study, additional to the ordinary or degree course, known as the Honor Course, has been established.

II The Honor Course includes six departments, in any one or more of which a student may graduate with Honors, first or second, according to the attainments made. These honors are in no sense competitive. As many as complete the prescribed course receive them. The departments of the Honor Course are as follows:

1. The Classics, including Latin, Greek, Hebrew, French and German 2. Mathematics. 3. Natural Science. 4. Philosophy, including Metaphysics, Logic, Moral Philosophy, Political Economy, and the Constitution of the United States. 5. The English Language, including History. 6. The Bible.

In general, not exceeding one-half as much matter in addition to the amount required in the ordinary course, in any of the above departments, must be mastered in order to a second Honor; and additional thereto, an amount equal to that required in the ordinary course, in order to a first Honor. No student who does not rank 9.75 in the subjects of the ordinary course will be admitted to an examination for Honors.

III. Each Professor furnishes gratuitously to candidates for Honors in his department such assistance as they need. Those desiring regular recitations arrange for them with the Professors, or any other persons they may select, on such terms as may be mutually satisfactory.

IV. Honor examinations will be held the first week of each vacation, Senior included, at which candidates for the degree of B. A. or B. S. may present themselves; and those passing in any subject of any department shall be credited with the same. In the case of every candidate, the result of all the examinations will determine the Honor attained.

V. Candidates for the degree of M. A. may in like manner present themselves for examination in any of the departments named above, at any Honor examination, and those passing in any subject will be credited with the same. The result of all these examinations will determine the Honor attained on taking the M. A. degree.

VI. The result of all these examinations will be entered on the College Register, and publicly announced.

ACADEMICAL DEPARTMENT.

J. H. WILSON, A. M , Principal; Professors BLACK, DOIG, ROGERS, GORDON and BLAIR and MR. ACHESON, MISS STRANG and MISS CLELAND, Instructors.

Candidates for admission to this department will be examined in Geography; English Grammar, including orthography definitions, rules of syntax, and easy parsing: Arithmetic, particularly on fractions—common and decimal—porportion, percentage and its applications, square and cube root. As the class formerly known as the Junior Academical has been discontinued, applicants must pass thorough examinations in the above subjects, and particularly in Arithmetic. In preparing for this examination Ray's III Part Arithmetic and Bullions' or Pinneo's Common School Grammar should be used.

The following are the subjects taught and the Text Books used in this department. Classes are organized according to the circumstances and wants of the students. The time necessary to complete the subjects required for admission to the Sub-Freshman or Sub-Junior class will depend on the capacity and diligence, as well as the attainments of the student when admitted. These subjects should be thoroughly mastered before the student is promoted. The scholarship of many is ruined by passing over elementary subjects superficially.

Spelling; Anderson's United States Reader; Williams' and Packard's Penmanship; Green's English Grammar; Ray's Higher Arithmetic, Ray's Elementary Algebra; Bullions' and Morris' Latin Lessons, Comfort's German Course, Longuellier & Monsanto's French Grammar; Cooley's Natural Philosophy, Cutler's Physiology, Tenney's Natural History and Gray's Botany; Single Entry Book-keeping.

During the entire term spent in the Academy there is a weekly recitation in one of the Gospels. Rhetorical Exercises will be required of all the students.

The Academy, it will be seen from the above statement, furnishes, in addition to the instruction necessary to prepare a student for admission to the Sub-Freshman or Sub Junior class in College, a full course in all that is required of Teachers in the Public Schools of Illinois. The exercises of this department are conducted in the College building. The students are subject to the same supervision and enjoy the same privileges as the College students. To secure the full advantages of the course the student should enter at the beginning of the College year and continue until its close. No student can be absent a term without great loss. If unable to complete the course without interruption it is ordinarily much better to discontinue an entire year.

MUSIC AND ART.

The department of Music, under the charge of Prof. S. H. PRICE, and the department of Art under the charge of MISS ELIZABETH CALDWELL, afford facilities for the study of these subjects seldom found in an institution of this character.

SPECIAL REGULATIONS.

I. The requirements for admission to the several classes are fully stated in the outline of the different courses. No candidate will be admitted to the Sub-Freshman or Sub-Junior class whose deficiencies exceed what may be made up in five months by an additional recitation. Candidates for advanced standing must furnish satisfactory evidence of proficiency in all the previous studies of the course they propose to take. No student of known immoral character, or whose influence is likely to be injurious to good order, will be admitted.

II. The Statutes of the College, Chapter II, Section 3, provide that "No student shall be permitted to enter at a later period of the course than the commencement of the first session of the Senior year." The spirit of this law, in the judgment of the Faculty, requires at least one full year's attendance of a student on the exercises of the College in order to graduation. Under no circumstances will this rule, as thus interpreted, be relaxed while the above statute remains unrepealed.

III. The Senate has adopted the following as an additional chapter to the College statutes:

"SECTION 1. All persons matriculating shall be regarded as students, and on payment of the required fees shall be entitled to all the privileges of the College.

"SEC. 2. Connection with the College is terminated by graduation or dismissal, honorable or otherwise.

"SEC. 3. The privileges of the student shall be suspended in all cases of failure to pay the required fees and attend on instruction; *provided*, however, that the following privileges, namely, that of examination with his classes, active membership in the societies, representing societies and classes on public performances, and the use of the Library and Reading Room, may be granted to students temporarily absent for a period not exceeding one year, on written permission from the Faculty and the payment of two dollars per term.

"SEC. 4. All persons enjoying any of the above privileges shall be subject to College discipline, the same as if in actual attendance."

The Faculty judge the attendance of a student on the exercises of the College at least three-fifths of any year as necessary to complete satisfactorily the work of that year, and, therefore, will not, under ordinary circumstances, grant leave of absence, with the privileges of examination without recitation, during any one year exceeding four months. No student should attempt to prepare for examination in more than two-fifths of the subjects of any year, without recitation. The Faculty are unwilling to grant leave of absence to any Senior. Seniors should be in attendance the entire year.

IV. There are during the year public exhibitions of the College classes, as follows: Of the Junior class, in May; of the Freshman, in January, and of the Sophomore in November. These exhibitions are held on such evenings and in such places as the Faculty may appoint.

V. In regard to marking, grading and examinations, the following principles have been adopted:

1. Each recitation is marked on a scale of 10; these marks are averaged in each subject, monthly, and entered on the Monthly Record. The actual attendance is marked on the same scale, and entered on the same record. To be marked 10, in attendance, on the Monthly Record, the student must have been actually present at every Roll call of his class during the month.

2. Each class is examined on each subject as soon as completed, the examination of each student is marked on the same scale and entered on the Annual Record. To pass, the student must answer at least 75 per cent of all questions asked him correctly. No student is credited with any subject until he has been examined and passed in it The average of the marks received for all the recitations and for the examination, in any subject, determines the student's grade in that subject.

3. The Grand Average of the marks received in all the subjects in which the student has been examined and passed with his class during the year, and of the marks for attendance during the same time, determines the student's rank in his class. This is entered on the Annual Record.

4. No student in the Collegiate Department is promoted from a lower class to a higher, whose deficiencies exceed what may be made up in one year by a single recitation daily.

5. The Salutatory and the Valedictory, on Commencement Day, are delivered, the former by the Senior Scientific, the latter by the Senior Classical, who rank highest.

6. In order to secure thoroughness in the elementary subjects, each College class will be required to pass a special examination, after a review conducted by a Professor, in Geography, Arithmetic, English Grammar, The Use of the English Language, and Business Laws and Forms; and in addition to the above, Classical students, in Latin and Greek Grammar To pass in these subjects the students must make an examination grade of 9.5. Students admitted from other Colleges, whether on certificate or examination, must pass in all the above subjects in which the class which they may enter may have been examined. The terms during which these reviews and examinations will take place are indicated in the "Courses of Study"

VI. Reports are sent to parents or guardians at the close of each term. The President should be notified of every case where a report fails to come within ten days after the close of the term

VII The statutes expressly forbid students to use intoxicating drinks as a beverage, to play cards, to frequent drinking, gambling, or billiard saloons, or improper places of resort of any kind. The Faculty judge places of amusement, commonly called "*balls*" and "*dances*," to be improper plaees of resort for students.

VIII. Ladies and gentlemen are admitted to all the privileges of the College on the same footing.

ADDITIONAL INFORMATION.

LIBRARY.

The Library contains about fifteen hundred volumes, selected expressly for the College. It is accessible to all the students. THE COUNTY LIBRARY AND READING ROOM IS OPEN TO ALL THE STUDENTS FREE OF CHARGE.

APPARATUS.

An extensive Philosophical and Chemical Apparatus has been procured and is now in successful use. It affords the means for a satisfactory illustration of the most important principles in the various departments of Astronomy, Natural Philosophy and Chemistry.

CABINET.

The College Cabinet, which already contains a large assortment of Coins, Geological specimens and other articles of interest, collected by Dr. Barnett in Palestine and Egypt, as well as a Geological Cabinet donated by the State, has, recently, been enriched by the donation of a valuable assortment of Minerals by Rev T. D. Davis of Missouri, the purchase of a large variety of Corals, the donation by the Rev. J. C. Nevin, of Canton, China, of his valuable collection of Chinese Curiosities, and by the contribution by Rev. Dr. Lansing, of Cairo, Egypt, of a cast of the famous Tanis Stone The College Cabinet is now one of the finest in the State.

LITERARY SOCIETIES.

There are four Literary Societies in the College—the *Philadelphian*, *Eccritean*, *Amateurs des Belles Lettres*, and *Aletheorian*. These are all on a good footing, and afford to their members respectively the opportunity of improvement in the branches of learning for the promotion of which they are established.

GOVERNMENT.

It is the aim of the Faculty to secure good order and diligence in study by the force of moral and religious principles, rather than be direct exercise of authority. Those who persist in neglecting their studies, or in pursuing disorderly courses, or in exerting an evil influence, will not be permitted to remain in connection with the College.

EXPENSES.

COLLEGIATE DEPARTMENT—

First Term	$12.00
Second and Third Terms, each	9.00

are as follows: Pencil Drawing $8.00; Crayon and Pastel $10.00 and Oil Painting $15.00. Daily instruction in Penmanship is given in the Academical Department without extra charge; but students taking a more extended course will be required to pay additional. There is no extra charge for Modern Languages. Soldiers and soldiers' children, unable to pay, are admitted to all the privileges of the College without charge for tuition. The payment of all College dues is required in advance. Boarding in private families, including lodging and fuel, has, during the past year, ranged from $3.50 to $4 50 per week, and in clubs from $2 50 to $3.00. Many students board themselves at less than $2.00 per week.

EXAMINATIONS.

A committee appointed by the Board of Trustees, and the Professor in charge of the department, examines each class in each book or subject when completed. These examinations may be either oral or in writing, and it is intended that they shall be thorough and complete.

SESSIONS AND VACATIONS.

The present College year will close on Commencement Day—Thursday, June 18th. The first sesson of the Nineteenth College year will open on Tuesday, September 1st, and close on Thursday, December 17th. The second session will open on Monday, January 4th, and close on Friday, March 26th. The third session will open on Monday, April 5th, and close on Thursday, June 17th. The summer vacation will continue about two months, the winter about two weeks, and the spring about one week.

SCHOLARSHIPS.

Students applying for admission on hired scholarships must present a certificate from the owner thereof, authorizing them to use the same. Such certificate should specify particularly the time for which the scholarship has been transferred. No SCHOLARSHIP IS AVAILABLE UNTIL THE INTEREST IS PAID.

MONMOUTH contains about six thousand inhabitants, and is situated at the junction of the Chicago, Burlington & Quincy, and of the Rockford, Rock Island & St. Louis Railroads. It is easy of access from every direction. It contains flourishing churches of various Evangelical denominations.

☞ The Agent of the Rockford, Rock Island & St. Louis Railroad, at Monmouth, is authorized to sell students in actual attendance tickets to and from any point on that road, for one and one-fifth of a full fare for the round trip.
